**FREE ENVIRONMENTAL TRAINING COURSE:**  
**'A Practical Introduction to Woodland Management'**

Wednesday 14<sup>th</sup> - Friday 17<sup>th</sup> August 2013

Fancy being a wildlife conservation volunteer? Join Humber Conservation Volunteers for a free introduction to practical conservation!

This course at Burkinshaw's Covert at Total's Lindsey Oil Refinery offers a great chance to learn more about nature conservation:

- *Woodland management objectives and techniques;*
- *Trees and shrubs - identify some basic species and understand their cultivation, use and wildlife value;*
- *Woodland structure - learn about the canopy, shrub, field and ground layers to understand the dynamic relationship between these 'woodland layers';*
- *Recognising the importance of associated habitats and how to manage them - rides, glades, hedgerows, deadwood, ponds and watercourses;*
- *How to undertake practical woodland management, including the basics of thinning and felling, plus the safe use of tools and safe working methods;*
- *Good practice in general health and safety on site.*

For more information, contact Alan Jones at Humber INCA:  
**01652 631 523** or email [alan.jones@humberinca.co.uk](mailto:alan.jones@humberinca.co.uk)

**NOTE** - there are even a limited number of places for supervised youngsters 8 -14 years if child care is a problem!
