

BUILDING BETTER Opportunities

Building Better Opportunities is a £260m initiative from Big Lottery Fund to leverage European funding for projects across England that tackle poverty and promote social inclusion.

CERT Ltd. Have been funded to ensure there is widespread awareness of the opportunities available at the main funding stage, act as a point of contact for queries, and bring together

interested organisations, including from the VCSE sector, to discuss local need and how best to tackle local priorities.

To get the ball rolling we have organised a series of workshops

that will explain how the funding will work, what you will need to do to access and manage it and how organisations can work together to increase the take up of funding.

The workshops are free of charge.

Please click on the link to book places which are limited to 25 at each event.

We are also able to offer a series of workshops that will give organisations the skills that they will need to successfully apply for and manage ESF Funding. We will be arranging more workshops and events over the coming months and will circulate details nearer the time.

TOWN	VENUE	DATE	TIME
Hull	The Octagon	9 Dec	2 - 4.30pm
