

10 March 2015

The Gardiner Hill Foundation partner with Thorpe Park to offer a Deluxe Caravan to NAViGO Health and Social Care Service Users and Carers

The Gardiner Hill Foundation, the preferred charity of NAViGO Health and Social Care, has partnered with Thorpe Park, Cleethorpes to offer a deluxe caravan exclusively to NAViGO service users and their carers at a reduced price throughout the entire holiday season. We would like to invite you to the grand unveiling on Friday March 13, 2pm at Thorpe Park.

The Gardiner Hill Foundation is a local charity launched by NAViGO in 2011. The charity was established to enhance and enrich the lives of people with mental health problems and to promote good mental health. The Gardiner Hill Foundation works alongside and supplements core funded essential services provided to people with mental health problems. Its principle aim is to support people with mental health issues in ways which empower them, by encouraging and supporting education and training, employment and independent living. All of our trustees and support staff are volunteers, which mean all donations will help people in North East Lincolnshire living with mental health problems.

The Gardiner Hill Foundation pledged that all donations it received would make a difference to those living with mental health problems in North East Lincolnshire and therefore by using donations to buy a caravan in such a popular local resort, it gives those living with mental health conditions and their carers in the area the chance to have an affordable holiday.

The 8 berth, deluxe caravan is one of the most popular accommodation options at the holiday park. The spacious, open plan environment and stylish interiors means service users will be able to enjoy a country and coastal retreat with a comfortable place to put their feet up at the end of the day. As well as offering a scenic location to relax in, Thorpe Park offers a multitude of activities such as a climbing wall, swimming and sports – and a bar and restaurant to re-charge batteries afterwards!

Tom Hunter, Chairman of Navigo and the Gardiner Hill Foundation ,said

News release

.....

"I am delighted that this new caravan will be now available to offer a wonderful opportunity for NAViGO users and carers to take relaxing breaks. "

NAViGO Health and Social Care Community Interest Company provide NHS mental health and social care services free to the residents of North East Lincolnshire. Our main objective is to deliver the highest quality care and to work to our mission to provide services that we would be happy for our own family to use. The way NAViGO works is completely unique as an NHS service provider. Our voting membership provides our community membership (service users, carers and people with an interest in mental health) with equal voting rights to staff members and our Community Representatives have an active involvement with the running and development of our services.
