N E Lincs SENDIASS have support and information just for you! Our Project Workers can help you through any difficulties you may have at school or college relating to your child's Special Educational Needs. Some examples of this could be help around transfers from statements to EHC Plans, the EHC assessment process, and difficulties you are facing at school or college.

Our aim is to work with you in a confidential and informative way that will help you speak for yourself at school or college and in any meetings that you may have; we can also be there to support you at those meetings if you would find that helpful.

Our service is independent from the Local Authority
