We want our work to build a strong, resilient community and give people the tools to make real lasting changes in their lives - transforming communities so that all individuals can belong, contribute and thrive. We are looking for an individual who can help young people fulfil their potential.

We are seeking to recruit a Youth Outreach Worker to cover maternity leave within our Youth and Community team. In this role you will be responsible for delivering programmes and activities that support young people's personal and social development.

A successful candidate will have a JNC recognised qualification in Youth Work (or equivalent) and experience of working with a diverse range of young people in an informal education setting. You will be a confident communicator, committed to partnership working and aware of the barriers that young people may face.
